Skills for Higher education

designed to align with competencies for university and college

Challenging and modern education

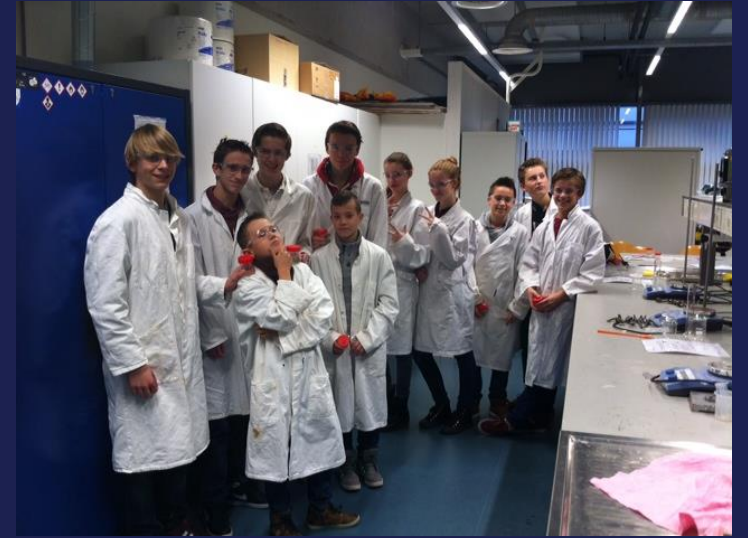

Bilingual education, context-rich learning and project-based work

HIC: How do we achieve this?

Our approach is centred on four pillars:

- International mindset
- Science & sustainability
- Design
- Entrepreneurship

HIC: international mindset

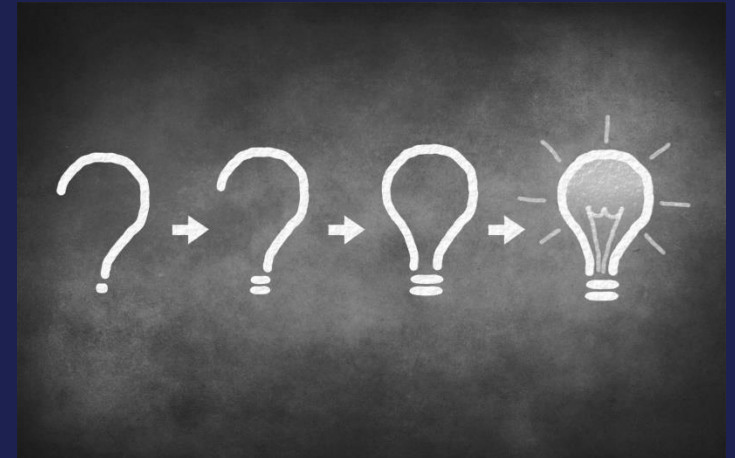

- Subjects in English Geography, History, Physical education, Science, Coding, Biology, Drama, Global issues and more
- Certifications TTO Junior Certificate, Checkpoints & Cambridge Cert.
- Spanish Offered for both HAVO and VWO
- Global topics in all topics
- Annual foreign trip From York to New York
- Projects Competitions with international students
- Theatre English speaking performances

HIC: 6 misunderstandings about TTO

- ▲ It is way too hard!
- ▲ It will cost me more time to study.
- ▲ It is a higher level than VWO
- ▲ It will affect my Dutch language skills.
- ▲ My grades will not be as high.
- ▲ People with dyslexia will find it harder.

HIC in the news

Leerlingen uit Best zetten lokale politici aan het werk na Engelse presentaties

BEST - Het was voor alle partijen een uitdaging: jongeren uit Best die in het Engels prangende kwesties aan de lokale politiek voorlegden. Maar leerlingen en politici waren enthousiast. En nog beter: over twee winnende thema's wordt doorgeboemd.

HIC: science & sustainability

- Subjects Science P en R, Coding and Robotics
- Focus on S&S all subjects and project weeks
- Excursions visit Brainport companies
- Int. programs Brainport Class of Entrepreneurship and Excellence
- Themes: HIC-Weeks for example: Dutch Deltaworkers, STEAM

HIC: entrepreneurship

- ▶ An attitude of courage and action !
- ▶ Project weeks e.g. Create your own country
- ▶ Economics / Young entrepreneur Programs
- ▶ Guest lectures and excursions e.g. Strijp R of S, High Tech Campus, TU
- ▶ International Internships
- ▶ Model United Nations
